RE: Notice of final determination in the countervailing duty investigation of certain oil country tubular goods from India (C-533-858) and critical circumstances for C-533-858-000 and C-533-858-002

1. On 07/18/2014, Commerce published in the Federal Register (79 FR 41967) its affirmative final determination and affirmative critical circumstances determination in part in the countervailing duty (CVD) investigation of certain oil country tubular goods (OCTG) from India.

2. The products covered by this investigation are described in message 3217301, dated 08/05/2013.

3. This investigation has been assigned investigation number C-533-858.

4. In message 3360302, dated 12/26/2013, Commerce instructed CBP, effective 12/23/2013, to begin suspension of liquidation for imports of certain oil country tubular goods from the producers and/or exporters listed in paragraph 8 below.

5. Although Commerce preliminarily determined that critical circumstances exist with regard to imports of OCTG from Jindal SAW, because the preliminary subsidy rate determined for Jindal SAW Limited (C-533-858-002) was de minimis, entries of OCTG from India produced and/or exported by Jindal SAW Limited were not suspended. See message 3360302, dated 12/26/2013.

6. Commerce has now determined that, for this final determination, with the exception of GVN Fuels Limited/Maharashtra Seamless Limited/Jindal Pipes Limited, critical circumstances exist for imports of OCTG from India. Commerce has also now determined, for this final determination, an above de minimis subsidy rate for Jindal SAW Limited. See 79 FR 41967, dated 07/18/2014.

7. Therefore, for all imports of OCTG from India produced and/or exported by Jindal SAW Limited (C-533-858-002), CBP shall suspend liquidation of such shipments entered, or withdrawn from warehouse, for consumption on or after 04/19/2014 (which is 90 days prior to the date of publication of the final determination). Effective 04/19/2014, CBP shall require, for such entries, a cash deposit equal to the subsidy rate listed below:

Producer and/or exporter: Jindal SAW Limited

Case number: C-533-858-002

Subsidy rate: 19.11 percent

8. Further, consistent with Commerce's final determination of critical circumstances, for all imports of OCTG from India produced and/or exported by All Others (C-533-858-000), CBP shall suspend liquidation of such shipments entered, or withdrawn from warehouse, for consumption on or after 09/24/2013 (which is 90 days prior to the date of publication of the preliminary determination (78 FR 77421)) through 4/21/2014 (the last day of the provisional measures period). Effective 09/24/2013 through 04/21/2014, CBP shall require, for such entries, a cash deposit equal to the subsidy rate listed below (the rate from the preliminary determination):

All Others

Case Number: C-533-858-000

Subsidy Rate: 3.50

9. In keeping with World Trade Organization agreement on subsidies and countervailing measures, Commerce instructed CBP to discontinue the suspension of liquidation of entries concerning the CVD investigation of OCTG from India for merchandise entered, or withdrawn from warehouse, for consumption on or after 4/22/2014. See message 4118302, dated 04/28/2014. Message 4118302 does not apply to entries of merchandise produced and/or exported by Jindal Saw Limited, as provisional measure for this company have not yet expired. The suspension of liquidation for shipments of OCTG from India produced and/or exported by any company other than Jindal Saw Limited will not be resumed until the final determination on this case is published in the Federal Register by the ITC.
